

Burwell Community Sports Centre

SURVEY

Burwell Community Sports Centre aims to provide the widest range of sport and activities at an affordable price to the broad community of Burwell and the surrounding villages.

IMPROVING THE FACILITIES

The Sports Centre was built 25 years ago, and apart from the addition of the excellent all-weather pitch, very little has been done to extend or upgrade the facilities.

As time goes by, the need for remedial work becomes ever more important and we are making plans for this.

Development is hindered by the limited amount of usable space available. The sports hall, all-weather pitch and a lounge / bar area are all well used, and this means we can only offer a narrow range of activities.

We therefore hope to redesign the interior to create a new space to allow more options.

BROADENING THE SCOPE

Activities

With the additional facilities we hope to add we can offer a whole range of exciting activities, and it doesn't have to be just sport – the aim is to promote better health.

People

We also need to ensure we make provision for all sections of the community, but particularly:

- seniors (55+)
- women
- mothers
- young girls
- youth
- children (under 12)
- unemployed
- underprivileged
